

Crosswind Concepts - Approaching and Landing With Crosswinds

Crosswind landings are the number one real-world weather related cause of accidents in General Aviation. Paul Dickson of Crosswind Concepts, Ltd. has been teaching and training for over 20 years. He has learned how to use various resources and a specialized crosswind simulator to help pilots of every level to master crosswind technique.

Directions: From I-25 and E. Arapahoe Rd., proceed east to S. Peoria St. Turn right. At the entrance to Centennial Airport, turn right. Continue toward the control tower. Turn left into the Ramada Hotel parking lot.
